Study circle project on democratic culture launched

By Christopher Cooper

A research study project was launched at Rajarajendra Prasad Centre for Development Studies with a view to promoting democratic culture and strengthening the people.

The study has recruited 500 students and faculty members of three colleges under Rajarajendra Prasad Centre for Development Studies in the programme during the last couple of days. Strengthening the culture through exchange of views.

State Council Professor has launched the project with the help of the National Democratic Institute.

Speaking at the study circle project starting held at the conference room of the Rajarajendra Prasad Centre for Development Studies, the State Council Professor of the IIS and the head of the study circle project, the re-
